

FinCEN ID Application - what it looks like

If your employer has asked you to provide them with a FinCEN ID, it's because they are trying to comply with the Corporate Transparency Act ("CTA") and must report information about beneficial owners to the government. This will affect LLCs, Partnerships, and some Corporations.

You will need to supply your name, date of birth, address, and a digital copy of current ID. Below is what the application looked like as of February 5, 2024. It may get updated in the future. **It will be your obligation to keep this information current** through Login.gov.

When you are ready to file your information online to get your FinCEN ID, you'll go to this website: <https://fincenid.fincen.gov/landing>.

Rev. 5/24

The information presented on this website is general in nature and not intended to be legal advice. No attorney-client relationship will exist with Jones, Kuriloff & Sargent, LLC unless we agree in writing after a personal consultation. Please contact us for a consultation on your particular situation.
