

Real Estate

Clients often benefit from having an attorney facilitate real estate transactions. We are available to buyers or sellers in residential or commercial transactions. In addition to preparing or reviewing a purchase and sale agreement and representing our clients at the closing, we can also re-title property, make gifts or transfers, divide a parcel, draft leases, create rental agreements, or assist with refinancing. We regularly advise on liability reduction through corporate entities or trusts as appropriate. We provide title search services as necessary and can issue title insurance policies.
